

CHILDREN ON CAMPUS POLICY

While Quinsigamond Community College is an open and welcoming campus, it is primarily an educational institution. As a general rule children will not be permitted in the classroom, or in any other areas of the College where their presence may interfere with the learning or work environment. Students, visitors and staff need to be aware of the following parameters that the College has established concerning children on campus.

- ✓ A parent, legal guardian, or a responsible adult must supervise children at all times on the QCC campus.
- ✓ Children may be allowed in the classroom only with prior approval of the faculty member and not on a reoccurring basis.
- ✓ Prior approval must be obtained in writing from the appropriate facility manager before a child can utilize campus facilities such as the Fuller Student Center or the Athletic Complex. The parent, legal guardian, or a responsible adult must be present at all times.
- ✓ The staff in the Campus Children's School supervise only children who are enrolled in the Campus Child Care program.

Quinsigamond Community College cannot be responsible for the care and supervision of children.

Approved by the Board of Trustees at its meeting of March 24, 2004.

Effective Date: March 24, 2004
