

Technology Committee

Meeting Minutes 11/17/2009

Present: Josh Martin, Wayne Brink, Ingrid Skadberg, Holly Kularski, Bob Desilets, Steve Marini, Joan Perry, Rafael Vicente

Item 1: World Wide Web Publishing Policy

- Various grammar edits were suggested (changes to follow soon).
- The committee made the decision to move anything that belongs in a “guideline” document from the policy into a separate document.
- There was discussion revolving around students publishing on the portal or any QCC site as part of a class or club. For section 7 wording will be developed to identify the faculty member or club advisor as the person responsible for oversight student content.
- Review the wording for “social networking” to include any 3rd party host that is being used to represent QCC in any capacity.

Action Items:

- Committee members will get the specific wording suggestions to Ken so he can edit the document.
- Ken will edit the document and send it back to the group for electronic input with the intent of a December vote.
