

## **Writing an Alternative Ending: A Telephone Call, by Dorothy Parker**

An alternative ending is something we hear a lot about in TV dramas and some movies. Imagine having the power to make all endings happy or maybe frightening? What a power it would be! Almost like changing history.

Directions: Working in groups, you will brainstorm ideas and develop an alternative ending to the story A Telephone Call.

1. You should use your character biography for assistance.
2. Be very detailed
3. Have fun, but use logic. Your ending should fit the mood and the order of the story.
4. Your group's alternative ending should be a minimum of 200 words about one typed and double spaced page.
